

Parts List

Top Row-Left to Right

- (2) Tabbed Sides
- (2) Magnetic Boards
- (1) Printed Header
- (1) Slotted Top

Bottom Row-Left to Right

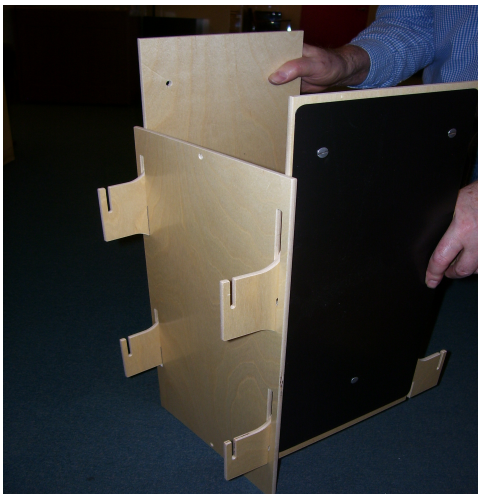

- (2) Slotted Sides
- (4) Acrylic Shelves
- (1) Base

Hardware List

- (4) Plastic Dividers
- (2) Brass Screws
- (6) Sets of Post and screws
- (1) Wooden Dowel

Attach the Black Magnetic Board to the tabbed side using the post and screws

With both magnetic boards attached to the tabbed sides slide the tabs into the slots on the slotted sides.

Please Note The labels on the slotted sides go on the bottom!

Slide the tabbed sides down into place.

Here you see the label on the slotted side on the bottom and tabbed sides with the magnetic board with the 2 posts and screws on top

Place the unit on top of the base, using the 2 brass screws secure the top to the base.

Slide the acrylic shelves into the slots on the tabs.
Then clip 1 of the dividers in the middle.

Insert the printed header into the slot in the top.
Slide the wooden dowel through the hole on the header.
This helps keep the header in place
The top just sits on the opening on top of the display

And there you have it.
Just fill and enjoy!
