ABOUT ~~THE~~ UNEMPLOYED PHILOSOPHERS GUILD

The Unemployed Philosophers Guild traces our origins back to 1990, when two creative and determined brothers from New York, Stephan and David, found themselves grappling with the challenges of making a living.

One night they stumbled upon a unique process that enabled them to make pins and earrings that they successfully sold on the gritty streets of Manhattan.

That initial success led to local stores expressing a keen interest in their products, and prompting requests for an expanded product line. This pivotal moment marked the beginning of our journey from selling on the streets to our present day "Ivory Tower."

As demand for their distinctive creations grew, the proceeds funded the brothers' graduate studies and also allowed them to pursue their artistic

aspirations. For Stephan, it meant delving into the world of philosophy, while David became a historian and filmmaker.

In 1992, Stephan named the enterprise the Unemployed Philosophers Guild, a nod to the realization that making a livelihood as a philosopher was unlikely. "Spinoza was a lens grinder," he would often say.

Thirty-three years after the two brothers started making pins and earrings in their mother's kitchen, the Unemployed Philosophers Guild stands proudly as a group of artists, writers, philosophers, and unconventional thinkers, forging ahead with creativity and resilience. Today, the Guild is comprised of eleven creative people who bring their unique passions and energies to creating gifts for your stores!

A MURDER OF CROWS AND OTHER ANIMAL GROUPINGS DISH TOWEL

If you like a crowded kitchen, here's a **murder** of crows, a **mob** of emus, a **leap** of leopards... a total of 25 animal groups. Now while you're waiting for water to boil you can hang with the gang – and some of these gangs have “interesting” names. Now you'll always have company in the kitchen... and plenty of volunteers to lick the bowl.

MAGNETIC PERSONALITIES

\$3.90 / \$5.20 CDN • MULTIPLES OF 6

Every **Magnetic Personality** is a puppet on your finger and a magnet on your fridge or locker. Each original design captures the personality of a remarkable individual...

Do you know this woman?

On December 1, 1955, the “Matriarch of the Civil Rights Movement” was jailed for defiance of unjust laws. Principled and soft-spoken, this long-time activist risked safety, life, and livelihood protesting segregation.

Of course you do!

Rosa Parks joined countless patriots before her, such as Claudette Colvin, Aurelia E. S. Browder, Susie McDonald, and Mary Louise Smith – not to mention, a century earlier in NYC, Elizabeth Jennings Graham (with her lawyer and future U.S. President, Chester A. Arthur). Justice requires brave citizens to fight for the Land of the Free.

It's all who you know.

All **Magnetic Personalities** include a tag with brief bio, important dates and a thoughtful introduction to one of our original thinkers and cultural icons. Why not surround yourself with Magnetic Personalities? Get to know real characters — and people of real character.

THE PULP TAROT

Tarot decks were 15th century playing cards – later tools for divination. Pulp magazines peaked with Depression-era longing for escapism – living on in modern forms and genres. Both Pulp and Tarot are sources of stories that stir primal responses – love and bravery, fear and happiness, suspense and surprise – to give us a chance to reimagine ourselves. The Pulp Tarot recasts the Tarot deck with characters from the history of pulp illustration. Each member of this new ensemble brings a fresh POV, unexpected insight... What thrilling sense of discovery will this unique collection bring to your narrative? #5735

THE HORROR TAROT

The Horror Tarot reimagines the traditional Tarot, with 78 unique cards set in the world of horror comics and illustration, horror movies, fan magazines, and paperbacks. Whether divination or revelation, each tarot reading is an invitation to hours of engagement – on your own or in the company of friends. #5829

THE SCI-FI TAROT

This complete 78-card Tarot deck with Space-Age art is inspired by 70 years of futuristic illustration. Gaze in awe as robots, aliens, astronauts and bug-eyed monsters interact with the immortal imagery of the Tarot. The Sci-Fi Tarot Instruction Book guides you through the Major Arcana and all four suits of the Minor Arcana. The future has never looked so retro. #5902
